Our theme this year will be “ Gardening au natural” and will feature methods to help you be a gardener who is more considerate of the natural environment in which we live.

We eagerly look forward to meeting members of your society and sharing a day with you that will be filled with fun, inspiration, and education.

Enclosed is a map to Kemptville and the college a registration sheet and an introduction to our Keynote Speaker , Edythe Falconer. As well , you will find an outline of the day.

Please arrive by 9 am so you can enjoy some refreshments, visit the vendors and view the photo competitions. There will be ample signage so you can find the building from Hwy #43 or #416.

We hope that you will take some time during the day to stroll around the campus. It's a great place to appreciate the beauty of nature.
